Empowering Farmers, Shaping the Future

About US :

World Agriculture Forum is a global platform connecting diverse stakeholders to drive sustainable agricultural development through policy advocacy, trade facilitation, and technology-driven solutions. WAF unites governments, farmers, agribusinesses, experts, and development institutions to bridge implementation gaps and drive food systems transformation, supporting the smallholder farmers, agro-ventures, and value chains development for a resilient, food-secure future. With a strong focus on collaboration, innovation, and public-private partnerships, WAF is committed to transforming agriculture worldwide.

Our Mission :

To power sustainable agricultural development through

Global Advocacy

We advocate for sustainable policies and practices that prioritize food security, environmental stewardship, and agricultural growth

Innovation & Collaboration

Fostering partnerships that accelerate the adoption of smart technologies, drive climate resilience, lower the impact of agriculture on the environment, biodiversity and water, and unlock opportunities for agribusinesses.

Impactful Action

From ground-level farming practices to global trade policies, we engage with stakeholders to turn vision into action

Our Strategic Priorities :

Empowering Farmers | Fostering Innovations | Driving Global Change

- **Global Agenda & Policy Input:** Driving agriculture toward sustainability and sufficiency by shaping innovative policies for climate resilience, sustainable financing, and equitable support, ensuring a future-ready agricultural framework.
- **Partnerships:** Promoting collaboration among policy makers, industries, farmers, academia and international organizations.
- **Empowering Farmers:** equipping farmers with essential skills, access to finance, and market linkages—turning small-scale farmers into global players.
- **Trade & Technology:** Advancing Agribusiness and supporting the Agri startup ecosystem by driving sustainable trade, fostering investments, and promoting world-class technologies that are transforming agriculture globally.
- **Recognition & Excellence:** Presenting the World Agriculture Prize to honor outstanding contributions to global agriculture while showcasing innovations shaping the future of the sector.

Empowering Farmers, Shaping the Future

Our engagement strategy focuses on value added partnerships with :

- **Global Bodies:** Collaborating with esteemed UN organizations and IFIs like FAO, UNDP, World Bank, IFAD, IFC, and G-20 to leverage their expertise and resources.
- **Government and Ministries:** Partnering with Ministries of Food, Trade, and Agriculture across countries to align policies and programs with sustainable agriculture goals.
- **Regional Institutions:** Engaging with influential regional entities like ASEAN, EU, NAFTA, BRICS, AGRA, ADB, AfDB, IDB and IsDB to foster cooperation and knowledge exchange.
- **Research institutions:** Collaborating with renowned institutions like ICRISAT, IRRI, CYMMIT, ILRI, Bioversity International and universities to harness innovation and scientific
- **Corporate Partners:** Working with leading corporates in food, agriculture, machinery, technology, and processing to drive industry-wide adoption of sustainable practices.

Through these inclusive partnerships, WAF aims to create a vibrant ecosystem that accelerates sustainable agricultural development and bridges the implementation gap, ensuring a food-secure, prosperous, and environmentally conscious future for all.
